Chapter 38

Loverranga &
Hyunjin

Eun-ah called me
a few moments ago.

I have...

already regretted my mistakes once before.

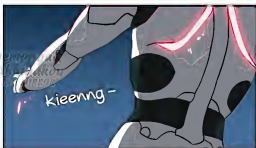

I don't want to experience it again.

I don't want to...

regret ever again.

There are various classes* of heroes.

*Referring to ability classes

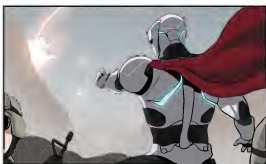

Ones who control frost

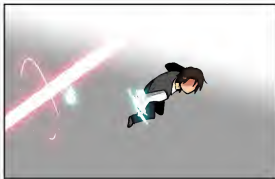

and ones who control heat.

I myself control light.

Sung-tae's ability isn't limited to teleportation and levitation.

It's impossible for one person to use more than one ability, so we think his one is...

EDN Again, referring to class abilities

“Materialization.”

That explains why he can move wherever he wants, create walls and nullify abilities.

His ability can definitely kill people.

However, those with an ability to control time, space and the like are automatically classed A, regardless of their ability to kill.

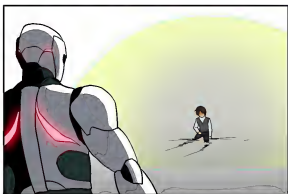

This kid...

is undoubtedly S-class,

but he's still not used to using his ability.

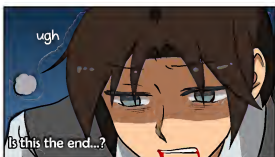

I now know that his range is around 10 metres, thanks to our game of tag.

More importantly,

with a stronger ability, the damage inflicted from Rebound is heavier.

Sister...

Hana...

My friends...

Miss Oh...

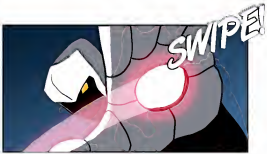

and Hana

will be happy
together.

-Editor's message-

So now that we've officially
caught up to the free raws on lezhin,
we'll be switching to weekly updates
for Hero Waltz.

It will update every
WEDNESDAY on lonemanga.com

Hero Waltz ends at chapter 40. (+Epilogue)

I apologise if the notice on chapter 36 was confusing. It was meant to be read as
[Chapter 37 (to the) END].
Though it's been said that Hero Waltz would end at chapter 40 on multiple occasions already >_>
